

WINTER WINE SERIES- JANUARY

Girard Winery began in 1975 as a dream of a father-son duo nestled at the top of Pritchard Hill with panoramic views of Napa Valley. The two shared a passion for high quality wines, a respect for the Valley's rich history and a pioneering spirit. 25 years later, another vintner with the same passion for winemaking and roots deep in the Napa Valley is continuing the Girard legacy.

WINTER WINE SERIES- FEBRUARY

Washington State's Founding Winery

Fifty years ago, a tiny winery called Ste. Michelle Vineyards introduced its first vintage of European-style premium wine. It was the release that inspired today's thriving Washington wine industry—now home to nearly 1,000 wineries and 14 AVAs.
